SIX CLOTHING DEALERS

In this city "ADVERTISING" that they sell their Clothes 25 per cent

"Less" than "Anybody" Else,

Now FIVE of them MUST be

Untruth-"full,"

And 'tis pretty certain that the sixth one has "Sum-in-him." Better keep away from all "shops" where the untruth-full "houses" say they sell goods 25 and even 50 per cent less than ANYBODY ELSE, for what do they care "WHAT THEY SAY." There ought to be a sign outside such stores marked "DANGEROUS."

If you'll guess who put this ad. in the paper there is a concern down on the corner of Clark and Madison-sts. that will give you

A Splendid Brokaw Overcoat For $27,

AN UNSWERVING INTEGRITY! AN UNPARALLELED BUSINESS! AN UNBOUNDED GENEROSITY!

A WEEK OF HAPPY DAYS.

In honor of the wonderful success of our business and in appreciation of the steady increase therein we desire to show our patrons in a substantial way that we have not forgotten them. Four months ago we were importuned to make an advance of several thousand Swiss Watches belonging to a wholesale jewelry concern, which has since collapsed. Of course, the goods are now ours, and at a price that does not represent one-fifth of their value. We could dispose of them at a great gain, but wishing to surprise and delight our customers we have concluded to GIVE THEM AWAY.

THESE WATCHES
Are no Crude nor Yankee inventions, but a
GENUINE
SWISS WATCH,
Gotten up with all the latest improvements, and one that retails the world over for $5 or $7. They are Nickel-Plated, Stem-Winders and Setters. Four or five revolutions wind them up.

Commencing Tomorrow and continuing until further notice we will give one of these watches with every cash sale of $15 or over. It is not necessary to buy $15 in any one department. A purchase made up in our various departments entitles you to a Watch. Don't ask us to keep the Watch and make you an allowance. We cannot do it, as the giving away of these Watches in no way affects the prices of our goods. We guarantee to sell any article in our store as low if not lower than any competitor, and give you a Reliable Timepiece to boot.

HOW CONGRESS IS REGARDED BY ENGLISHMEN WHO VISIT THIS STATE.

To a Speech at Washington He Has Said Some Hard Words Regarding Americans, and Expresses the Fear for Republican Institutions in America—The Proposition Under Which to Create a Permanent Exposition Defined.

[Special dispatch to the New York Herald.]

London, Nov. 21.—In a speech before the Constitutional Club at Washington today Lord Randolph Churchill has let out his views and gave a picture of Lord Salisbury towards the United States. Lord Churchill alleges that in order to secure a popular speech and to have the means of distributing pamphlets, Salisbury in his recent treaty refused to the people of the United States the right to fish in the colonial waters with liberties granted to the Canadians. Lord Churchill alleges that Salisbury has been plotting with Canada to secure such concessions to Canada, and that by a trumping political trick he would secure the adhesion of Canada to the treaty. He alleges that Salisbury intended to secure the annexation to the United States of the whole continent of North America, and that the object of the recent Conference was to secure the adhesion of Canada to the treaty. Churchill says that Salisbury's treaty would not secure the fishing privileges to the United States, and that Salisbury would not submit the treaty to the Senate. He says that Salisbury's policy of secrecy and refusal to submit the treaty to the Senate is a violation of Gladstone's promise to Minister Phelps

CLEVELAND DID HIS BEST.

GAIN ON THE POSTOFFICE CHANGES MADE IN THIS YEAR.

Some of the Promotions Were Provided for Under the Civil Service Rules—Secretary of the Interior as Indicated by the Establishment of Two Offices—Of One Week Will Be Taken Before Search Is Generally Ended.

WASHINGTON, D. C., Nov. 17.—The annual report of First Assistant Postmaster General Jones shows that during the last fiscal year fourth-class postmasters were appointed at Lowell, Or., on requisitions and vacancies existing, 2,021; on vacancies, 1,281; on change of Congressional district, 97; on establishment of new post offices, 1,240; which number of appointments, 5,639. This is a net increase over the previous year of 731. During the year 1,240 post offices were established. The report also sets forth that the post offices so established and 62 more established during the year that during the previous year. The increase in the whole number of post offices is shown to have been 2,111, against 1,380 for the year 1894. An increase during the administration growth of the several geographical sections of the country, but to a small decrease for the year in the whole number of post offices in operation at each of the New England States did not increase this year, as against 20 during the previous year. In the Eastern States including the Lake Districts, the net increase was 1,405, as against 1,107 last year. In the Southern States the net increase was 99, as against 111 last year. In the States and Territories of the Pacific coast the net increase was 607, as against 162 during the previous year. There was an increase of 20 in the number of post offices in operation in all the States, as against 20 during the previous year. There was a decrease in the number of post offices in operation in each of the Territories except Utah and Utah. The net increase in the number of post offices in operation in the Territories named last year was 20, as against 20 during the previous year. In the Eastern States including the Lake Districts, the net increase was 1,405, as against 1,107 last year. In the Southern States the net increase was 99, as against 111 last year. In the States and Territories of the Pacific coast the net increase was 607, as against 162 during the previous year. There was an increase of 20 in the number of post offices in operation in all the States, as against 20 during the previous year. There was a decrease in the number of post offices in operation in each of the Territories except Utah and Utah. The net increase in the number of post offices in operation in the Territories named last year was 20, as against 20 during the previous year.

The total number of fourth-class postmasters in the service on June 30, 1895, was 56,000. The total number of fourth-class postmasters appointed during the year was 5,639.

The Postmaster-General points out the necessity of a change in the method of compensation of postmasters.
